There we were, all seven of us, in Bitez for the start of Run 25 on the Bodrum Hash. The usual suspects of Culture Vulture, Virgin, Captain Crease, Coşkun, his friend Murat and myself together with the welcome return of Joan. The weather had suddenly cleared much to my surprise so we started with giving Culture Vulture a DOWN-DOWN for coming in second last time. Lightfoot came in first and he was also the hare so we should not forget this when he next appears.

Off we went along the Bitez coastline and lo and behold half way round the heavens opened and it poured with rain and I mean poured. This did not deter us from doing "Father Abraham" in the rain. The rain had already been very heavy and we had to run over rushing water and several water falls. Then after running around the back roads of Bitez we were back at the start for the final circle.

The rain had even increased by this time so it was literally tipping down while we tried to give the honour of DOWN-DOWNS to the seven of us. First of all the hares of myself and Captain Crease were given a DOWN-DOWN for setting such a rubbish run. I must thank Captain Crease for stepping in at the last moment after Tamer had to work!! I think I frightened him away after threatening to name him this week. Well there is always next time!! Then Joan was brought in for being a returnee. Welcome back Joan. Then I was brought in again because of the weather for which how could I complain because by this time everyone was thoroughly soaked to the skin. Then I brought in the GM for the misuse of hash names when he called Captain Crease, Muta.

Then he brought me in again for calling the Bodrum Hash the Istanbul Hash. To my defence, I had only just got back from Istanbul after representing Bodrum at their 25th Anniversary. Lightfoot was also there for the duration and Captain Crease appeared on the Saturday run. I must say their Anniversary was well organised with many events and runs first around the streets of Istanbul, then the Belgrade Forest and then the run crossing two continents.

Then Coşkun and Murat were brought in for not wearing hash t shirts and Virgin for still having done the most runs on the Bodrum Hash. By this time the rain water was dripping off all of us so we decided to close the circle and move on to the ON-ON-ON in the Bambu Cafe by the mosque on the Bitez coastline. At the Bambu Cafe there was a nice fire where some of us who had not changed could dry off. After homemade beefburgers all round and another couple of beers we all headed home. Another successful, but very wet, run.

The next run will be organised by Culture Vulture and Virgin on 31 January and then a St Valentine' run on February 14. Then there is not another run until our 1st Birthday run on 6 March.

We are celebrating our 1st Anniversary at the same hotel in Gumbet, the Parkim Ayaz on 5, 6, and 7 March. The cost will be the same as last year at TL 150 for two people sharing and TL 170 for those requiring a single room. This includes two nights in the hotel including breakfast, the meal on Saturday night, as many beers as you can drink on the two runs, the coach on Sunday and a t shirt.

Please spread the word as we have already got 20 signed up from Fetiye.
